

Week ending issue: April 25, 2014 – Issue #209

Policy

From the WIC Certification Policy and Procedure Manual – 245.60 Referrals for Abnormal Blood Values

Referrals may be necessary

The hematocrit and hemoglobin tests conducted at WIC clinics are screening tests. These tests are used because they are inexpensive, simple to perform, and reasonably accurate and reproducible. If results from clinic blood tests are abnormal, more accurate and sophisticated tests are needed to diagnose anemia or polycythemia.

Developing referral criteria

This policy suggests criteria for referring a participant to another health care provider for additional tests. Each WIC agency should develop referral criteria in consultation with local physicians.

Information

WIC Shout Out

If you receive a compliment or thank you in person or over the phone from a WIC client about how you or you're agency has helped them out or served them well we want to hear about it! It deserves to make it to Facebook as the next WIC Shout Out! Please call Nikki or email it to nikki.davenport@idph.iowa.gov. Also please include what clinic location the client goes to. We would love to feature your agency next week!

WIC Food Package Changes

Changes to WIC Approved Cereal:

Effective May 1, 2014

Some national brand cereals will be added back to the program. They must be in 14oz. size or larger and include:

*General Mills– Kix, Wheaties, Cheerios - Plain or Multi-Grain, Chex- Corn, Rice, Multi-Bran, or Wheat

*Kellogg's– Corn Flakes, Rice Krispies, Crispix, Special K, Frosted Mini-Wheats– Regular, Big Bites, unfrosted or mini

*Malt-O-Meal– Frosted Mini Spooners

*Post– Bran Flakes, Grape-Nuts

*Quaker– Life, Oatmeal Squares

The store brand cereals continue to remain unchanged and are still authorized in a 10 oz. size or larger.

The check description will be changed to read-

Oz. or less Cereal- Approved Brands, Types, & Sizes Only- Cold or Hot

We will be discontinuing the check that reads-

oz. or less General Mills Rice and/or Corn Chex Cereal for those who require gluten free cereals since they will be authorized for everyone now.

Changes to WIC Approved Soy Milk:

Effective May 1, 2014

Silk Original Soy Beverage will be authorized in addition to 8th Continent Vanilla and Original Soy Beverage.

The check description will be changed to read-

64oz. Soymilk- Silk Original or 8th Continent Original or Vanilla Only

*****We have developed a small insert (front to back) that will fit into the participant's food flyer that talks about these two changes as well as provides some helpful reminders on some of the foods we receive the most questions about. It will be available in English and Spanish. These will be shipped to your agency by May 1st. *****

Effective May 5, 2014

As a result of the final food rule the value of the children's CVV has been increased from \$6 to \$8. This change will go into effect May 5, 2014 (this is the date the final food rule becomes effective) and will apply to checks printed from that date forward. Previously issued CVVs for children will not be reissued.

All three of these changes will soon be seen in IWIN Train so you can see what they will look like.

Dates to Remember
